

Meeting

5718-65

7 December 1965

Dr. Wernher Von Braun
Director, George C. Marshall
Space Flight Center
Huntsville, Alabama

Dear Dr. Von Braun:

I am delighted to hear through Mr. Rankin A. Clinton of the Army Missile Command that you have agreed to speak informally at our dinner meeting. The purpose of the meeting is to keep our senior officials abreast of developments of interest in science and technology. I am sure your presentation on present and future space programs will be very informative.

The dinner meeting is planned for Tuesday, 21 December 1965 at 5:45 p.m. at the Central Intelligence Agency headquarters building. There will be a short cocktail period followed by dinner. You may wish to speak for thirty to sixty minutes which would permit additional time for discussion and a question period. Approximately thirty-five members of the Directorate will be in attendance.

Please let me know what arrangements may be made in your behalf.

Sincerely,

[Redacted Signature]

Albert D. Wheelon
